

**Urgent Proposal P1046**  
**L-amino acid acetate in Food for Special Medical Purposes**  
**Call for submissions paper**

**Submission**

The NSW Food Authority (the Food Authority) supports affirmation of the approved variations to Schedule 3 and Schedule 29 of the Australia New Zealand Food Standards Code (the Code) to permit the use of L-arginine acetate in food for special medical purposes (FSMP).

**ENDS**

The views expressed in this submission may or may not accord with those of other NSW Government agencies. The NSW Food Authority has a policy which encourages the full range of NSW agency views to be submitted during the standards development stages before final assessment. Other relevant NSW Government agencies are aware of and agree with this policy.
