- Use by date 22/07/2027, Batch number 52030017Y1

Refer to the bottom of the tin for Use by date and Batch number details

Nestlé Australia Ltd are conducting a recall of the above specialised infant formula. The product has been available for sale in pharmacies, hospitals and online nationally. This recall **only** applies to those products with the above listed date and batch number details.

Problem: This recall is due to the potential presence of toxin (cereulide) contamination, a substance produced by the *Bacillus cereus* microorganism.

Food safety hazard: Food products containing cereulide may cause illness/injury if consumed.

What to do: Affected products should not be consumed. Consumers should return the product to the place of purchase for a full refund. Any consumers concerned about their health should seek medical advice.
