

Notification to FSANZ under subsection 13A(1A) of the Agvet Code

1. Pursuant to subsection 13A(1A) of the Agricultural and Veterinary Chemicals Code (the Agvet Code set out in a Schedule to the *Agricultural and Veterinary Chemicals Code Act 1994*), the APVMA notifies FSANZ that, as a result of a review of a chemical by the APVMA (under Division 4 of Part 2 of the Agvet Code), a variation relating to the registration of a chemical product or the approval of a label may be made. In the APVMA opinion it is likely that, if the variation is made, a variation to Standard 1.4.2 (Maximum Residue Limits) would be required.
2. Details of the chemical review is set out below:

Active Constituent/s

Diazinon

APVMA Pesticides Program
