

## **Notification to FSANZ under section 8E of the Agricultural and Veterinary Chemicals Code**

Pursuant to section 8E of the Agricultural and Veterinary Chemicals Code (the Agvet Code) scheduled to the *Agricultural and Veterinary Chemical Code Act 1994*, the Australian Pesticides and Veterinary Medicines Authority (APVMA) gives notice to FSANZ that the APVMA is considering the registration, variation or issuance of a permit in relation to a chemical product, that may in the APVMA's opinion, be likely to require a variation of the Maximum Residue Limits Standard.

### **1. Proposed registration of chemical products**

|   |             |
|---|-------------|
| Product number                                | 86413       |
| Constituents                                  | Cinmethylin |
| Other matters the APVMA considers appropriate | N/A         |

|   |                                 |
|---|---------------------------------|
| Product number                                | 86554                           |
| Constituents                                  | Nicarbazin, Semduramicin Sodium |
| Other matters the APVMA considers appropriate | N/A                             |

|   |                               |
|---|-------------------------------|
| Product number                                | 86452                         |
| Constituents                                  | Saflufenacil, Trifludimoxazin |
| Other matters the APVMA considers appropriate | N/A                           |

### **2. Proposed permit**

| Permit Number | Applicable Active Constituent Name | Other information the APVMA considers to be appropriate |
|---------------|------------------------------------|---|
| 86489         | Fenhexamid                         | NA  |
| 86551         | Pyrethrins                         | NA  |
| 86598         | Sulfoxaflor                        | NA  |
| 86599         | Bifenthrin                         | NA  |
| 86603         | Imidacloprid                       | NA  |
